Tricho System Awarded Grand Prize at Paris Exposition For Permanent Removal of Superfluous Hair

Probably no award made at the Paris Exposition this year is of greater and deeper import than that of the "Grand Prix" to Tricho. This is the seal of approval, given in the world's great center of beauty and culture, upon the perfect means of restoring loveliness to the faces of millions of women which are marred by disfiguring superfluous hair. No second prize was awarded, because all other methods were found to be ineffective, dangerous or both

INTERVIEWS BY APPOINTMENT

MEETINGS, SUNDAYS AND WEDNESDAYS AT 8 P. M.

A Boston client under date of Oct. 11, 1925, writes as follows:

"About March 1st of this year, I called on you for a reading, and you said that I was a very sick woman, and that my doctor did not understand my case, and not to go to him again. I grew so ill, that on March 12th I thought I should die, and became delirious on the 16th and was conveyed to the same doctor's hospital, and I knew no one or anything for ten days. The doctor treated me for rheumatism, when I had necrosis of my ankle bone and septic foot.

"You also told me to beware of an accident, and my night nurse let me fall out of bed and I broke my left arm. You said, you did not think I could avoid the accident, and I want to say this: I kept thinking of the hope you gave me, and that thought kept me alive, when everything else seemed ended. You said, I would travel after I was fifty, and would take a trip to Europe.

"After my fourth operation I changed doctors. They operated on my foot three weeks ago, and I am now on the road to recovery.

"I thank you for the benefit you have been to me through the science of Astrology."

IS IT . . . *"as good as BUICK"?*

Before you are persuaded, by an extra allowance on your old car, to buy some car you might not otherwise choose, compare the new car offered you to Buick.

Does it have a "sealed chassis"?
Has it a torque-tube-drive?
Has it *mechanical* 4-wheel brakes? Has it a ten-plate, multiple-disc clutch? Has it a Fisher body? Has it adequate and efficient nation-wide service facilities? Has it more than a million enthusiastic owners?
